

This Form 99 is being filed in response to the FEC letter dated December 15, 2006 asking for clarification of items reported on the Louisiana Reform PAC (C00409631) Amended October Quarterly Report (7/01/2006 - 9/30/2006).

Regarding Schedule B disclosing a contribution to Friends of George Allen that appears to exceed the limits set forth in the Act, we inadvertently classified a previous contribution to the Friends of George Allen as a contribution for the general election. Therefore, it appeared that we had made two general election contributions to the Friends of George Allen when we had not done so. During the preparation of the July Quarterly Report (4/1/2006 - 6/30/2006), there was a keypunch error in the software we use to file our reports electronically. The contribution to Friends of George Allen on June 13, 2006, should have been coded as a Primary election contribution, but was instead coded as a General election contribution. In order to correct this error, an Amended July Quarterly Report (4/1/2006 - 6/30/2006) was filed on January 17, 2007.

Regarding the Amended report disclosing additional distributions totaling \$18,538.54 on Line 21(b) and 23 of the detailed summary page - During the preparation of the 12 Day Pre-General Report, we inadvertently used the date that a disbursement cleared our bank account as the disbursement date. There were six disbursements that were actually paid at the end of September 2006, but cleared our bank account on or after October 1, 2006. Since these expenses were actually incurred in September we Amended both reports by moving the six expenses from the 12 Day Pre-General Report to the October Quarterly Report. The six disbursements were as follows:

Payee	Date Disbursed	Amount
Wendy Vitter	9/26/2006	\$ 668.89
Capitol Hill Club	9/26/2006	\$ 355.25
Friends of George Allen	9/29/2006	\$ 5,000.00
Natl Rep Cong Committe	9/27/2006	\$10,000.00
Steve Chabot for Congress	9/27/2006	\$ 2,500.00
US Post Office	9/29/2006	\$ 14.40

The US Post Office expense did not appear in the detail because it was less than \$200.00.

Therefore the total of the disbursements moved from the 12 Day Pre-General Report to the Quarterly Report (7/1/2006 - 9/30/2006) is \$18,538.54.

Respectfully submitted on January 17, 2007.
